“Model Publication Scheme”

A Practice must publish information proactively.

This is known as a “Publication Scheme” and must set out the Practice’s commitment to making certain classes of information routinely available, such as policies and procedures, minutes of meetings, annual reports and financial information.

A “Model Publication Scheme” for General Practices has been developed by the Information Commissioner’s Office (ICO) and MUST be followed.

Class 2: WHAT WE SPEND AND HOW WE SPEND IT.

We receive fees for providing medical services to our registered patients from the Torbay and Southern Devon Health and Care NHS Trust through the mechanism of our Personal Medical Services contract.

Total Income received from the NHS before expenses in the last financial year was £2,783,939.

From these fees the practice has to meet the costs of running the Practice this includes the following main expenses:

- Running costs and maintenance of the premises and equipment and building works
- Administrative costs including wages of our staff and training
- IT support and maintenance
- Communications support, maintenance and running costs
- Infrastructure investment such as clinical equipment...
- The cost of buying our premises
- The cost of drugs that we personally administer to our patients

We have a scale of fees for work that comes outside of the contract we hold with the Care Trust. There may be circumstances where material cannot be released because it is

- confidential or
- commercial information or
- the appropriate officer designated for these purposes under the Act has taken the view that it may be prejudicial to the conduct of the practice's affairs or
- no longer available under NHS guidelines and our Practice Records Management Policy.

Class 3: WHAT ARE OUR PRIORITIES AND HOW ARE WE DOING?

We hold regular practice meetings to discuss the business and future plans of the practice and plan our work. Relevant information from these minutes can be made available.

We hold clinical governance meetings to audit our performance.

A large part of our income is driven by performance indicators which are in the public domain and can be accessed through NHS Choices at www.nhs.uk or other Department of Health websites, such as <http://www.qof.ic.nhs.uk/search.asp> which shows QOF performance.
